ON BEHALF OF BOB RIGGS

Dear James,

It is important for the Planning Commission to realize that I have reviewed the proposed building plans to the house next to my home at 610 Bridgeport Lane in Foster City. I have reviewed the amount of sunlight that will be lost affecting my yard and light going into my home. I have invested a great deal of money in my home and wish not to have it be depreciated by the construction next door. Therefore, I am denying my neighbor from construction of his second story. I have consulted with a local Foster City realtor and other professionals, and this is also their recommendation.

Regards,
Robert P. Riggs
