### **Plan Review Services**

4LEAF will provide Plan Review for any and all types of structures to ensure compliance with all adopted codes, local ordinances (including Tier 1 of Cal Green, if required) and State and federal laws that pertain to Building and Safety, and for compliance with the adopted International Code Council (ICC) Building, Plumbing, Electrical, Mechanical, National Fire Protection codes and standards, and the Accessibility and Noise and Energy Conservation requirements as mandated by the State of California Title 24, State of California Water Efficient Landscape Ordinance, the State of California Certified Access Specialist (CASP) compliance, and all other applicable ordinances. We provide these services for project types including Single-Family Dwellings, large Multi-Family Mixed-Use Dwelling Units, Commercial, and Industrial.

### **Approach**

We understand that the specific building plan review responsibilities will include, but are not limited to:

- Examining plans, drawings, specifications, computations documents, soils reports, and additional data;
- Ascertaining whether projects are in accordance with applicable building and fire codes, and City ordinances, including but not limited to Title 24 and Title 25;
- Performing such reviews as structural, MEP, green building, fire and life safety, grading and drainage;
- Reviewing plans to ensure conformity to the required strengths, stresses, strains, loads, and stability
- Reviewing plans to ensure conformity with use and occupancy classification, general building heights and areas, types of construction, fire resistance construction and protection systems, means of egress, accessibility, structural design, soils and foundations; and masonry;
- Providing additional plan review services as requested by the City;
- Conducting all plan review at the City Department or at a site mutually agreed upon in writing and;
- Supplying all plan review staff with all code books and other basic professional references.

### **On- and Off-Site Review**

4LEAF can supply Registered Professional Engineers to the City to work on-site performing structural plan review and non-structural reviews at the jurisdiction's discretion. Our experience includes checking for compliance with the structural, life-safety, accessibility, plumbing, mechanical, electrical, fire, and local codes/ordinances.

## **QA/AC Review Process**

### **Task 1 – Project Tracking Set-up**

The first step of our process will be to set up the project in our system to enable 4LEAF and the City each to track the progress of the review. Our plan tracking procedures are designed to track each submittal throughout the review process and maintain accurate and comprehensive records for each submittal.

### **Task 2 - Complete Submittal Review**

Upon receiving the plans from the City, 4LEAF will triage (preliminary plan review performed by 4LEAF plan review project lead) the submittal to verify that the submittal received is complete (i.e., all pertinent plans, calculations, reports, and other related documents) in order that we can begin our review. If the submitted package is incomplete, we will communicate with the City to discuss the deficient documents needed to proceed with our review.

### **Task 3 - Plan Review Assignment**

After the triage process is performed and a complete package is verified, the project will be assigned to the most qualified Plans Examiner and a turnaround time will be established. We will log each application into our database the same day the plans are received to assure that they are routed in a timely manner and to allow for daily project tracking.

### **Task 4 - Plan Review**

4LEAF will provide the project contact (Developer, Contractor, Architect, or Engineer) desired by the City with a list of any items needing correction and clarification to comply with applicable building codes, ordinances, and regulations. A correction list will be created based on the missing codes and ordinances.

### **Task 5 - Quality Control**

Prior to submitting the plan review correction list to the City, the designated plan review project lead will review the correction list for adherence to applicable codes and ordinances as well as for accuracy and completeness. After completion of our quality control review a correction list will be e-mailed to a designated staff member at the City or as directed by the City. The correction list and a 4LEAF transmittal form will include the following information: a description of the work, type of construction, occupancy group, square footage, number of floors, and sprinkler requirements.

### **Task 6 - Plan Review Rechecks**

Plans received for rechecks will be reviewed for conformance. Our goal is to actively work with the designers to resolve all unresolved issues after our second review. If it appears that there are complicated issues that might cause a project to go beyond our second review, we will communicate directly with the designer to resolve these concerns.

### **Task 7 - Project Approval**

Once the final plan reviews are completed and ready for approval, 4LEAF will organize the plans and supporting documents per the City processing requirements and return them to the City, along with our letter of completion.

## Turn-Around Times

4LEAF has a tremendous reputation for completing projects on-time and under budget. 4LEAF's plan review team is widely recognized for quick turn-around times and prompt service. Off-site plan reviews are performed at our office, with plans transmitted by personal delivery or overnight service. The standard turn-around time is within 10 business days for residential plan reviews and within 10 days for commercial/industrial plan reviews; however, these timeframes are negotiable based on your needs.

\*Larger complex plan reviews can be negotiated to achieve the best possible pricing. 4LEAF has a proven track record of working with municipalities to provide expedited reviews with special discounted pricing.

Pick-up of all plans will be performed by 4LEAF staff within 24 hours of the City's phone call or e-mail. 4LEAF prefers to pick-up and deliver the plans in person to communicate information that may be pertinent to the project and maintain consistent communication. At no additional cost, 4LEAF staff will transport the plans to and from the City upon a phone call to the 4LEAF office or simply e-mail [pickup@4leafinc.com](mailto:pickup@4leafinc.com).

## Document Control

When plans and documents are received for review, 4LEAF's Plan Review Manager and Document Control Technician analyze the project, creates a job number, and completes a Job Setup Sheet. This form highlights both the jurisdiction, applicable contact information, and all project specific design criteria and notes. Jobs are then transmitted through 4LEAF's easily accessed EZPlan Review Portal which tracks initial and subsequent reviews and is open for view by the client. The City and their customers can view 4LEAF's plan review control log through 4LEAF's EZPlan Review Portal.

Plans then get distributed for review to a 4LEAF team consisting of Plan Review Engineers, Architect (a licensed state professional) and/or an ICC Certified Plans Examiner, as applicable. Our staff then performs his or her function of analyzing the plans and documentation for effective conformance to the state codes, referenced construction standards, and City amendments. 4LEAF's code review methodology is "The Effective Use of the

Codes” reinforced through proprietary and jurisdictional checklists. When complete, the Plan Review Manager overviews the project for quality control purposes and forwards comments or approvals to the client’s pre-designated contacts.

### **Off-Site Electronic Plan Review**

Digital plan review allows 4LEAF the ability to review, markup and transport plans of any size electronically. We strongly encourage this service for our clients. This process delivers a high degree of cost effectiveness, time efficiency and a “green” and environmentally friendly system. Through our strong focus on utilizing this digital capability, we offer full access to all 4LEAF engineers and plans examiners company-wide, from any of our office locations. A protected online portal will be established to allow property owners, contractors, developers, businesses, designers, and stakeholders to submit plans electronically for review. Access to the online portal will be given to City staff for immediate access to information regarding project status during the review process.

4LEAF has successfully implemented and used Bluebeam for electronic review of files to help eliminate the use of paper and take the plan review workflow to a whole new level. 4LEAF’s  offices are equipped with large scale monitors for easy review of plans. Bluebeam Revu combines powerful PDF editing, markup, and collaboration technology with reliable file creation. ## Periodic Inspection Services → Available Next Day

4LEAF can fulfill inspection requests immediately upon request including same day. 4LEAF has a wealth of local and available inspectors ready to serve the City. In addition, 4LEAF has a proven track record of providing such services to a number of different building departments.

**Part-Time Inspection Services → Available Next Day**

4LEAF will provide the City with part-time inspectors upon request. 4LEAF can provide part-time staff within 24 hours of request for any duration of time. 4LEAF's Project Manager will work closely with the department to identify the right personnel and determine the appropriate work schedule.

**Full-Time Inspection Services → Available Two Days or Less**

4LEAF can provide full-time inspectors upon request. 4LEAF provides this service regularly to many clients throughout Northern California, Southern California, the Central Valley, Central Coast, Sacramento Valley, Peninsula/South Bay, East Bay, and North Bay.

**Project Specific Inspection Services → Available Two Days or Less**

4LEAF is often tasked with providing inspection services to large projects on behalf of municipalities. 4LEAF currently handles large-scale projects for such clients as the City of Palo Alto, City of Cupertino, etc. These projects are developer funded into a separate City account which is distributed to 4LEAF using a separate invoice and contract number. This is particularly helpful to fast paced projects looking for continuous inspection services over a short period of time (i.e. 6 - 36 Months).

1. **Consultant's Duty to Show Proof of Insurance.** Consultant, in order to protect City and its Council members, officials, agents, officers, and employees against all claims and liability for death, injury, loss and damage as a result of Consultant's acts, errors, or omissions in connection with the performance of Consultant's obligations, as required in this Agreement, shall secure and maintain insurance as described below. 3. **Insurance terms and conditions:**

3.1 Cancellation of Insurance

The above stated insurance coverages required to be maintained by Consultant shall be maintained until the completion of all of Consultant's obligations under this Agreement except as otherwise indicated herein. Each insurance policy supplied by Consultant shall not be suspended, voided, cancelled or reduced in coverage or in limits except after ten (10) days written notice by Consultant in the case of non-payment of premiums, or thirty (30) days

written notice in all other cases. This notice requirement does not waive the insurance requirements stated herein. Consultant shall immediately obtain replacement coverage for any insurance policy that is terminated, canceled, non-renewed, or whose policy limits have been exhausted or upon insolvency of the insurer that issued the policy.

3.2 All insurance shall be issued by a company or companies admitted to do business in California and listed in the current "Best's Key Rating Guide" publication with a minimum rating of A-; VII Any exception to these requirements must be approved by the City Risk Manager.

3.3 If Consultant is, or becomes during the term of this Agreement, self-insured or a member of a self-insurance pool, Consultant shall provide coverage equivalent to the insurance coverages and endorsements required above. The City will not accept such coverage unless the City determines, in its sole discretion and by written acceptance, that the coverage proposed to be provided by Consultant is equivalent to the above-required coverages.

3.4 For any claims related to the Agreement, the Consultant's insurance coverage shall be primary insurance coverage at least as broad as ISO CG 20 01 04 13 as respects the City, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

3.5 Insurance coverages in the minimum amounts set forth herein shall not be construed to relieve Consultant for any liability, whether within, outside, or in excess of such coverage, and regardless of solvency or insolvency of the insurer that issues the coverage; nor shall it preclude the City from taking such other actions as are available to it under any other provision of this Agreement or otherwise in law.

3.6 Failure by Consultant to maintain all such insurance in effect at all times required by this Agreement shall be a material breach of this Agreement by Consultant. City, at its sole option, may terminate this Agreement and obtain damages from Consultant resulting from said breach. Alternatively, City may purchase such required insurance coverage, and without further notice to Consultant, City shall deduct from sums due to Consultant any premiums and associated costs advanced or paid by City for such insurance. If the balance of monies obligated to Consultant pursuant to this Agreement are insufficient to reimburse City for the premiums and any associated costs, Consultant agrees to reimburse City for the premiums and pay for all costs associated with the purchase of said insurance. Any failure by City to take this alternative action shall not relieve Consultant of its obligation to obtain and maintain the insurance coverages required by this Agreement.

3.7 Should any of the required insurance (other than errors and omissions insurance) be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defenses costs be included in such general aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limit specified above.

3.8 City may (but is under no obligation to) secure project-specific insurance, wrap-up insurance, or administer an owner controlled insurance program ("OCIP"), in which case Consultant and its subconsultants shall communicate this fact to their insurance carriers and request that the risk of this project be excluded from their practice policies. Consultant's fees under this Agreement (and the fee of its subconsultants under subconsultant agreements) shall be reduced by the amount of insurance premiums that may be avoided by Consultant and its subconsultants by virtue of the City's obtaining the project-specific insurance, wrap-up insurance or administering an OCIP, and the exclusion of this project from coverage of Consultant's and subconsultants policies. Construction Manager and its subconsultants shall afford City access to their books and records and cooperate with City in verifying the amount of savings realized.

EXHIBIT D  
**COVID-19 AMENDMENT/ATTACHMENT**  
**(Consulting Agreement Form)**

This COVID-19 Amendment/Attachment amends the Agreement between (“City”) and 4 LEAF (“Consultant”) dated July 18, 2023.

**1. Definitions**

A. The 2019 novel coronavirus and the disease it causes are collectively referred to herein as **“COVID-19”**.

B. A **“COVID-19 Condition”** is something attributable to COVID-19 not caused by the Consultant (which for purposes herein includes all subconsultants) and beyond its reasonable control including but not limited to COVID-19 Proclamations and supply chain disruptions due to COVID-19, and other circumstances concerning COVID-19 not caused by the Consultant and which are beyond its reasonable control.

C. A **“COVID-19 Proclamation”** includes but is not limited to orders, directives and guidance concerning COVID-19 that have been issued, and which may be issued from time to time, by public agencies or regulatory bodies, the CDC or OSHA or Cal/OSHA, including without limitation the Cal/OSHA COVID-19 Prevention Emergency Temporary Standards. Consultant acknowledges that those orders, directives and guidance may require the Project to shut down or otherwise increase the Consultant’s cost or time of performance by calling for things such as social distancing and the use of personal protective equipment. In the event of conflicting COVID-19 Proclamations, the Consultant shall follow the most applicable, restrictive and newest COVID-19 Proclamations.

D. An **“Unknown COVID-19 Condition”** is a COVID-19 Condition the Consultant did not know about, and reasonably should not have known about, as of the date the Consultant submitted its proposal. The requirements contained in COVID-19 Proclamations issued before submission of a proposal are not Unknown COVID-19 Conditions, and the Consultant will be deemed to have knowledge of those requirements.

E. An **“Unknown COVID-19 Cost”** is a cost that: (i) is solely attributable to an Unknown COVID-19 Condition; (ii) is reasonable and unavoidable under the circumstances; (iii) is not the result of the Consultant’s failure to comply with the contract documents or a COVID-19 Proclamation; and (iv) is not the result of a subconsultants failure to comply with a COVID-19 Proclamation in connection with the performance of the Services.

**2. COVID-19 Conditions and Proposal.** Consultant is expected to know and is deemed to have known about COVID-19 Conditions when it submits its proposal, and COVID-19 Conditions must be accounted for in the Consultant’s price and schedule. In order to be entitled to any relief from a COVID-19 Condition, the Consultant must demonstrate that the issue, cost or delay is due to an Unknown COVID-19 Condition.

**3. Compliance with COVID-19 Proclamations.**

A. Consultant shall comply with COVID-19 Proclamations in the performance of the Services, irrespective of when the COVID-19 Proclamations are issued, and as they pertain to performance of the Services. The cost of such compliance is non-compensable, except as otherwise expressly stated herein.

B. Consultant is responsible to ensure that its subconsultants and suppliers comply with COVID-19 Proclamations at all times in connection with the performance of their Services.

**4. Delay.** The Consultant is entitled to a reasonable time extension for an Unknown COVID-19 Condition. Such time extension is non-compensable.

**5. City Directed Suspension.** The City may suspend Services due to COVID-19 health concerns, even though the Consultant may be allowed to proceed with the Services based on COVID-19 Proclamations. The City may suspend the Services for its convenience. The Consultant is entitled to a time extension for a City Directed Suspension, and the contract amount will be equitably adjusted if and to the extent Consultant incurs increased costs that are Unknown COVID-19 Costs.

**6. Compensation for COVID-19 Costs.** City will reimburse the Consultant for Unknown COVID-19 Costs that are not included in the schedule of values.

**7. Safe Work Practices.** Consultant shall implement safe work practices recommended by CDC or OSHA or Cal/OSHA, which may include, inter alia, screening all employees, subconsultants, or others ("worker(s)") at all locations where Services are performed for signs and symptoms of COVID-19; adopting staggered work schedules, e.g., providing alternating workdays or extra shifts, to reduce the total number of employees on a site at any given time and to ensure physical distancing; identifying choke points where workers are forced to stand together, such as hallways and elevators, ingress and egress points, break areas, and buses, and implement policies to maintain social distancing; coordinating deliveries in line with the employer's minimal contact and cleaning protocols; and instituting a rigorous housekeeping program to reduce dust levels at all exterior locations. Consultant remains fully responsible for following and complying with changes to recommended safe work practices from time to time.

**8. Monitoring and Reporting.** City may require the Consultant to actively monitor the health of its workers through temperature checks and questionnaires of major COVID-19 symptoms, including but not limited to cough, fever above 100.4 degrees Fahrenheit and shortness of breath. Consultant shall immediately report to City any outbreaks of COVID-19 among its workers. The Consultant shall not knowingly allow any worker who has tested positive with COVID-19 to enter a City building. In the event of an outbreak or an exposure to COVID-19, the City may impose appropriate mitigation strategies which may be in consultation with the public health officer.

**9. Conflicts.** In the event of an inconsistency between this COVID-19 Amendment and the Agreement, this Addendum shall control.

*[Signatures on Next Page]*

IN WITNESS WHEREOF, the City and Consultant have executed this Covid-19 Amendment as of the date set forth above.
