Subject: Public Hearing, 717 Matsonia Dr
Date: Wednesday, November 29, 2023 2:00:07 PM

We have received our notice regarding the request for a second story addition at 717 Matsonia.

While this property addition does not affect us directly, we think that a 960sf addition to any home in Foster City is aggressive & excessive and should not be allowed. At the very best, the size of the addition should be limited to much smaller square footage.

Thank You!
