Ther & Karen

Enclosed is a sample of the Neighborhood Notice mailed today to the six surrounding Property Owners. Also, the Notice of Sale to the Community Dev. Depl.

Please let me know if anything else may be programmed from us to complete submittal.

If we can meet the M.J. Sept Planning Commission Meeting, that would be ideal.

Thank you R.S.

RE: 390 Foster City, Foster City, CA

Dear Neighbor,

Because our property is located within Foster City's Commercial-Mix ("C-M") with a combined Zoning of Planned Development ("PD"), new tenancies or continued uses by new occupants require review by the Foster City Planning Commission and notices of any hearing to surrounding property owners.

We purpose the continued use of our parcel, which is fully incumbered by PG&E's Transmission Line Easement, to continue as parking by various vehicles. Either as overflow parking by Foster City businesses whose properties are under parked for their occupancies, or parking by fleet services that park vehicles for transit of personnel or cargo throughout the region. We currently do not anticipate any physical changes to the property as it now exists.

We have previously commissioned an updated Traffic Study, at the request of the Staff, which indicates such continued use should not materially increase traffic at the surrounding intersections or streets.

We appreciate your response to the Planning Dept., on the enclosed form, if you have comments that may require address at the Planning Commission hearing.

Thank you in advance,

Foster City Parking, TIC
