

REQUEST TO PLACE ITEM ON FUTURE AGENDA

August 3, 2023

FROM: Stacy Jimenez

RE: Request to Record All Citizen Advisory Meetings

Description of Request:

I am requesting to place on the next possible agenda a discussion regarding the merits of recording our Citizen Advisory Meetings.

Briefly describe your request:

Certain members of our community have expressed a desire to view our Citizen Advisory Committee Meetings online. Many members of our community may be homebound, ill, or otherwise unable to attend our community meetings. While our meetings are all open to the public according to the Brown Act, there is nevertheless a desire on my part to ensure equal access to these meetings. As such, I would request we research and discuss the actual monetary costs to record these meetings; the amounts of staff time involved, and have an open discussion on this issue.

Vision, Mission, and Value/ Priority Area: Sustainable Foster City
