RE: Stetco – Sole Source

Dear Foster City,

Stetco is the manufacture and retains the exclusive distributor rights of Stetco products.

This exclusivity covers all models of the Stetco brand of 920's, 950's and models to be announced.

Stetco is the only known source for a Mechanical Catch Basin Cleaner, that uses a hydraulic excavator bucket system. We are a purpose-built Stormwater Utility Machine that does not use vacuum, most agencies will accept this as a soul source as there are no known competitors in production.

We look forward to this partnership.

Respectfully,

A handwritten signature in blue ink, appearing to read "Jason Hendrickson", with a long horizontal line extending to the right.

Jason Hendrickson

President

Stetco Group, LLC.
